

# Yes/No Decision Wheel Template

Fortune Twister - [www.fortunetwister.com](http://www.fortunetwister.com)

## Introduction

This template helps you make binary (yes/no) decisions when you're feeling stuck or indecisive. Use this wheel when you need a clear answer between two options and want to remove bias from your decision-making process.

## How to Use This Template

1. **Define your question:** Write down a clear yes/no question in the space provided below. 2. **Consider the implications:** Before spinning, write down what a "Yes" or "No" answer would mean for you. 3. **Spin the wheel:** Use Fortune Twister's online wheel spinner at [www.fortunetwister.com](http://www.fortunetwister.com) or print and use a physical spinner. 4. **Reflect on your reaction:** Pay attention to your immediate emotional response to the result. 5. **Make your decision:** Use the result as guidance, but remember you always have the final say.

## Your Decision Question
